## **DETAILED ACTION**

### ***RESPONSE TO AMENDMENT***

1. The applicant's amendment filed on 9/11/2006 has been fully considered and made of record.

### ***Terminal Disclaimer***

2. The terminal disclaimer filed on 9/11/2006 disclaiming the terminal portion of any patent granted on this application, which would extend beyond the expiration date of US Patent No. 6,857,178 has been reviewed and is accepted. The terminal disclaimer has been recorded.

## **REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance:

With regards to claims 12 and 26, by filing of a terminal disclaimer, the statutory double patenting rejection is withdrawn and therefore, claims 12 and 26 allowable.

Regarding claim 12, the prior art fails to teach or fairly suggest the series of steps recited, particularly the step of extruding a thermoplastic sleeve over a length of metal ribbon stock having at least one roughed lateral edge and removing a lengthwise section of the thermoplastic sleeve to expose a corresponding lengthwise surface region of the metal ribbon stock.

Regarding claim 26, the prior art fails to teach or fairly suggest the series of steps recited, particularly the step of extruding a molten thermoplastic material over a length of metal ribbon stock so as to form a composite strip preform comprised of the metal ribbon stock which is embedded within and coated entirely by a sleeve of the thermoplastic material; and thereafter punching nail sections from the composite strip preform.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
